## Sino-French Fusion

Technology Redefining the Future of Urban Sports

SKAYF was born from a cross-continental collision of ideas — jointly created by a French elite team with over 20 years of expertise in the architectural and building materials industry, and Taishan Sports Industry Group, China’s sports equipment manufacturing giant. It represents the perfect fusion of spatial aesthetics and sports technology, and a shared exploration into transforming urban lifestyles.

### European Craftsmanship Meets Eastern Manufacturing Excellence

The French team brings not only cutting-edge European concepts of urban space design but also deep expertise in material science and modular construction. With two decades of dedication to architectural materials, they understand how to integrate innovative materials with human-centered design to create urban facilities that are both beautiful and functional.

Meanwhile, Taishan Sports infuses SKAYF with unparalleled professional DNA. As China’s largest sports equipment manufacturer, Taishan has served multiple Olympic Games, Youth Olympic Games, and Asian Games, upholding an exceptional standard of “zero error, zero malfunction, zero complaints.” With nearly 300 authorized patents, participation in 19 national standards, and certifications from over 100 international sports federations, Taishan ensures that every detail of SKAYF meets Olympic-grade quality standards.

### Technology as the Pulse, Innovation as the Soul

Leveraging Taishan’s powerful R&D platforms — including the National Engineering Research Center for Sports Goods and the National Industrial Design Center — SKAYF integrates smart technology with sports spaces. We have not only created multifunctional sports venues that can be switched in real time but also redefined the boundaries of the urban sports experience.

### Global Vision, Local Innovation

With innovation at the core of both China and France, SKAYF draws on European design aesthetics and Chinese manufacturing wisdom, blending an international perspective with local needs. We maintain close cooperation with international organizations such as the IOC and SportAccord, while deeply engaging with the real needs of Chinese urban communities, creating sports solutions truly tailored for local contexts.

### A New Way of Urban Sports Living

SKAYF represents an entirely new urban sports lifestyle — smart, stylish, diverse, and shared. We believe that through the fusion of technology and design, limited urban spaces can be transformed into limitless possibilities for sports, bringing Olympic-level experiences into every community and to every sports enthusiast.

## Energy in Motion Fun in Fusion

### Welcome to the World of Pickleball!

Pickleball, a rapidly rising global sport, was born in 1965 on the West Coast of the United States. Its origin is full of spontaneity and charm — three friends, hoping to entertain their kids during the summer, pieced together the first court using old equipment, and named the game after the family dog, Pickles. In just a few decades, it has grown from a backyard pastime to an Olympic hopeful, becoming one of the fastest-growing sports in the world!

Blending the best of tennis, badminton, and table tennis, pickleball is fast-paced yet strategically rich. Whether you're seeking competitive play or social fun, its lightweight paddle and perforated ball spark endless possibilities within a compact court. With low entry barriers, high entertainment value, and all-ages appeal, pickleball is breaking boundaries and sweeping the globe — from here, every swing is a step into the trend!

### Pickleball in the Kayf

At Skayf, we've discovered a sport that brings people together.

A sport that's fast, fun, and accessible...

A sport where kids can challenge their grandparents, where laughter counts as much as points.

That sport is pickleball. And we celebrate it through a brand: Skayf.

Pickleball is the spirit of Skayf: Easy to learn, at any age; Playful and dynamic, but never excluding; Played all around the world, on a small court but with a big heart. At Skayf, we believe sport should unite people — and pickleball is the perfect playground for that. Sport in "Kayf" — Sport in joy, in harmony, in pure pleasure.

# SKAYF SKY WING

OFFENSIVE MODEL (TWO-HANDED BACKHAND)  
COMPETITION COLLECTION  
SKAYF ASCEND Series

## KEY FEATURES

1. T700 Carbon Fiber Face: Carbon weave surface for exceptional durability and responsive rebound.
2. Aerodynamic Frame: Fluid dynamics design reduces drag, enhancing swing speed and stability.
3. Built for Attack: Explosive power with a refined balance of control and strength. Perfect for two-handed backhands, powerful serves, and fast-paced offensive play.

Weight : 230 g  
Core Thickness: 16 mm  
Length: 420 mm  
Width : 191 mm  
Handle: 140 mm

## POSITIONING:

The Skayf Sky Wing is engineered for offensive players who demand the perfect balance between explosive power and precise control. Its advanced design empowers you to dominate rallies, unleash powerful serves, and rise above the competition.

# SKAYF SKY PHANTOM

OFFENSIVE MODEL (SINGLE-HANDED BACKHAND)  
COMPETITION COLLECTION  
SKAYF ASCEND Series

## KEY FEATURES

1. T700 Carbon Fiber Face: Carbon weave surface for exceptional durability and responsive rebound.
2. Expanded Sweet Spot: Large hitting zone provides higher forgiveness and stability, ideal for offensive players.
3. Power-Oriented Design: Optimized for long-distance drives and aggressive attacking play. The enlarged sweet spot ensures more consistent, powerful strokes.

Weight : 230 g  
Core Thickness: 16 mm  
Length: 420 mm  
Width : 191 mm  
Handle: 127 mm

## POSITIONING:

The Skayf SKY PHANTOM Single-Handed Backhand Offensive Model) is crafted for players who demand explosive power with reliable control. With its T700 carbon fiber surface and enlarged sweet spot, this paddle is the ultimate tool for dominating rallies with precision and force.

# SKAYF NEBULA

BALANCED MODEL

COMPETITION COLLECTION

SKAYF ASCEND Series

## KEY FEATURES

1. T700 Carbon Fiber Face: Carbon weave surface for exceptional durability and responsive rebound.
2. Balanced Power & Control: Designed for precision and stability, offering a refined balance between offensive strikes and defensive consistency.
3. Versatile Playstyle: Ideal for players seeking smooth transitions between attack and defense.

Weight :	230 g
Core Thickness:	16 mm
Length:	420 mm
Width :	191 mm
Handle:	140 mm

## POSITIONING:

The SKAYF Nebula is crafted for players who want a perfect balance of power and control. With its T700 carbon fiber surface and finely tuned feel, it adapts seamlessly to both offensive and defensive situations, making it a truly versatile competition paddle.

# SKAYF INTERSTELLAR

DEFENSIVE MODEL

COMPETITION COLLECTION

SKAYF ASCEND Series

## KEY FEATURES

1. T700 Carbon Fiber Face: Carbon weave surface ensures durability and responsive control.
2. Control-Oriented Design: Built for players who prioritize precision, stability, and defensive consistency.
3. Balanced Defense: Offers excellent control and accuracy, making it ideal for defensive strategies and counterplay.

Weight :	230g
Core Thickness:	16 mm
Length:	406 mm
Width :	203 mm
Handle:	133 mm

## POSITIONING:

The SKAYF Interstellar is a defensive paddle engineered for players who seek maximum control and pinpoint accuracy. With its slightly heavier weight and wider frame, it delivers exceptional stability, making it the perfect choice for defensive rallies and precision placement.

# SKAYF MAGMA

OFFENSIVE MODEL  
ADVANCED LEVEL  
SKAYF HORIZON Series

## KEY FEATURES

1. T700 Carbon Fiber + Sandblasted Surface: Provides enhanced grip and spin for precision shots.
2. PP Honeycomb Core: Lightweight yet strong, delivering excellent responsiveness and stability.
3. Cutting Power: Exceptional slicing capability combined with high ball rebound for aggressive play.

Weight : 230 g  
Core Thickness: 16 mm  
Length: 420 mm  
Width : 191 mm  
Handle: 140 mm

## POSITIONING:

Part of the Horizon Series, the SKAYF MAGMA offensive paddle embodies the spirit of exploration and power. With its advanced carbon fiber construction and sandblasted finish, it empowers players to unleash aggressive slices and powerful, high-rebound shots. Designed for advanced players pushing the boundaries of performance.

# SKAYF ICEWALL

DEFENSIVE MODEL  
ADVANCED LEVEL  
SKAYF HORIZON Series

## KEY FEATURES

1. T700 Carbon Fiber + Sandblasted Surface: Ensures excellent durability, grip, and spin control.
2. PP Honeycomb Core: Provides lightweight strength with consistent responsiveness.
3. Oversized Sweet Spot: Expanded hitting zone offers forgiving control, making defensive play more stable and adaptable.
4. Smooth Transition: Allows players to switch seamlessly between defense and counterattack.

Weight : 235g  
Core Thickness: 16 mm  
Length: 406 mm  
Width : 203 mm  
Handle: 133 mm

## POSITIONING:

The SKAYF ICEWALL defensive paddle is designed for players who rely on control, consistency, and adaptability. Its oversized sweet spot and stable construction give defenders the confidence to manage rallies with precision while staying ready to counterattack.

# SKAYF AETHER

## KEVLAR MODEL

Customizable with multiple color options

### KEY FEATURES

1. Kevlar Face: Known for its exceptional toughness and impact resistance, Kevlar adds superior durability and vibration dampening, giving players enhanced comfort and confidence in every shot.
2. PP Honeycomb Core: Provides lightweight stability with a responsive feel, ensuring consistent performance across a wide range of play styles.
3. Balanced Versatility: Designed for all-around players who want both reliable control and sufficient power for offensive drives.

Weight :	230 g
Core Thickness:	16 mm
Length:	420 mm
Width :	191 mm
Handle:	127 mm

### POSITIONING:

The SKAYF Aether embodies the essence of balance and adaptability. With its Kevlar construction, it absorbs impact shock for smoother handling while maintaining resilience for explosive returns. Perfect for players who need an all-around paddle that supports both defensive stability and offensive agility, it's built to help athletes explore the boundaries of their potential.

# SKAYF MOON SUGAR

## DESIGNED FOR WOMEN

BEGINNER LEVEL

### KEY FEATURES

1. Fiberglass + Textured Surface: Ensures excellent durability, enhanced grip, and superior spin control..
2. PP Honeycomb Core: Provides lightweight strength with consistent responsiveness.
3. Oversized Sweet Spot: Expanded hitting zone offers forgiving control, making defensive play more stable and adaptable.
4. Shock-Absorbing Expanded Face Design: Reduces vibration and improves comfort, giving players better control and stability.

Weight :	235g
Core Thickness:	16 mm
Length:	420 mm
Width :	191 mm
Handle:	140 mm

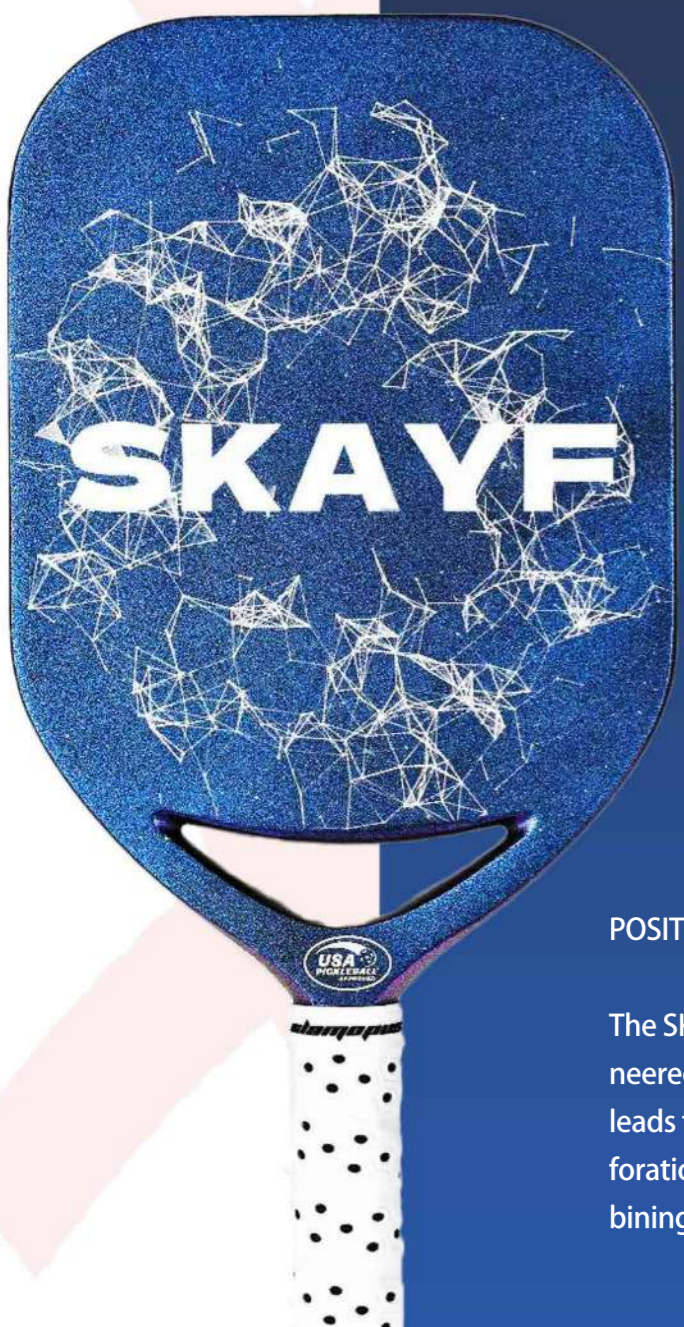

### POSITIONING:

The SKAYF Moon Sugar pickleball paddle is crafted with women in mind, combining elegance with functionality. Its lightweight build and ergonomic grip fit naturally in smaller hands, while the shock-absorbing expanded face design reduces strain and increases comfort.

# SKAYF TANDEM

ALL-AROUND HOLLOW T700 MODEL  
SPECIALLY DESIGNED FOR DOUBLES PLAY

### KEY FEATURES

- Construction: All-around hollow T700 one-piece paddle
- Surface: Textured Matte (Cloth-pattern Matte / Teflon Scrub)
- Edge Guard: EFC Edgeless Wall with internal foam core (frameless design)
- Thickness: 10 / 13 / 16 mm
- Grip Length: 139 mm / 5.47 inches
- Grip Circumference: 108 – 112 mm / 4.25 – 4.4 inches
- Weight: 220 – 240 g / 7.8 – 8.5 oz (varies with thickness)
- Size: 420 × 190 mm

### POSITIONING:

The SKAYF TANDEM Series is purpose-built for doubles players, engineered to deliver lightning-fast reactions and seamless teamwork that leads to victory. With a wide sweet spot enhanced by aerodynamic perforations, it embodies the speed aesthetics born for competition, combining precision, power, and synergy in every shot.

## PERFORMANCE MEETS STYLE CUSTOMIZED CARBON FIBER PADDLE

Featuring a PP Honeycomb Core with UV Printing Technology, the paddle supports fully customized patterns, offering beautiful and long-lasting colors that enhance brightness and artistic appeal without fading. The carbon fiber construction provides excellent hitting support, delivering stronger impact, improved control, and a comfortable feel. With its durable, lightweight, and high-strength frame, this paddle combines performance with style, making it both reliable and visually striking.

# SKAYF WHISPER

## NOISE-REDUCING MODEL

### KEY FEATURES

- Size: 420 × 190 mm
- Handle Length: 125 mm / 4.9 inches
- Surface Material: Noise-Reducing Fabric
- Edge Guard: Yes (with edge)
- Thickness Options: 10 mm / 13 mm / 16 mm
- Weight: 220 – 240 g (7.8 – 8.5 oz, varies with thickness)
- Core: PP Honeycomb + Carbon Fiber

### POSITIONING:

The SKAYF Noise-Reducing Paddle is designed for players who value both performance and comfort. Featuring a special noise-reducing fabric surface, it minimizes impact sound without sacrificing control or power. Its thermoformed construction and PP honeycomb carbon fiber core provide excellent durability, stability, and responsiveness. With balanced weight and multiple thickness options, this paddle offers a smooth playing experience for all skill levels, making it an ideal choice for competitive and recreational players alike.

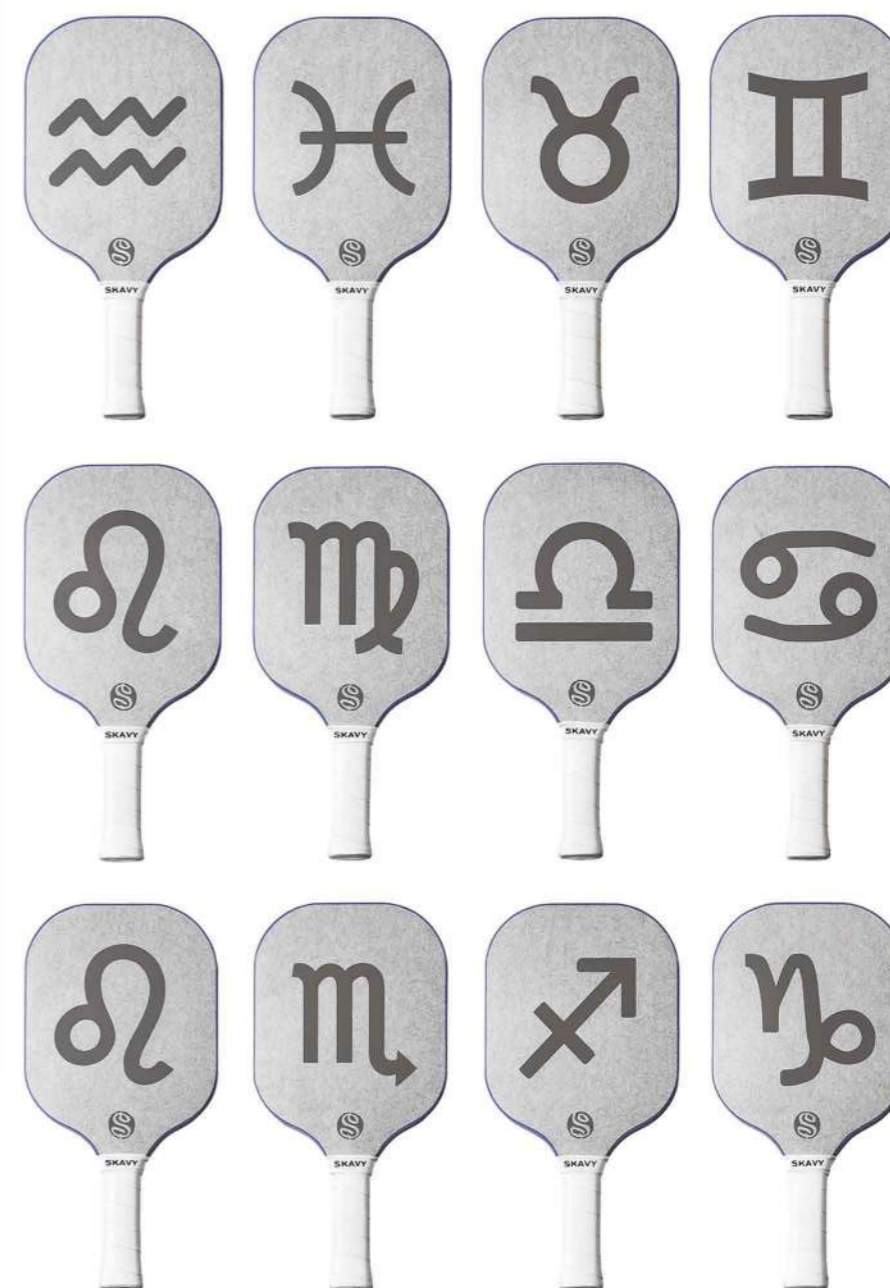

## SKAYF WHISPER ZODIAC SERIES

Find your constellation, ignite your energy on the court.

The SKAYF Whisper Zodiac Series is built with advanced noise-reduction technology, designed for players who seek the perfect balance between comfort and performance. Crafted with high-tech thermoformed construction and a PP honeycomb + carbon fiber core, it effectively reduces impact noise while maintaining exceptional rebound power, stability, and control—ensuring every shot is both quiet and powerful.

The paddle surface supports premium custom printing, allowing you to showcase your own zodiac sign with exclusive artwork. Whether you're the passionate Aries, the steady Taurus, or the free-spirited Sagittarius, SKAYF Whisper becomes your unique source of constellation energy on the court.

This is more than just a paddle—it's your personal zodiac identity and your trusted partner in competition.

SKAYF  
PICKLEBALL IN THE KAYF

# SKAYF PICKLEBALL FLOORING

## ROLLABLE PICKLEBALL COURT FLOORING

The SKAYF pickleball flooring is a professional product specifically designed for pickleball practice. It combines a modified acrylic coating with a dense PVC base, forming a prefabricated surface dedicated to these sports through a composite process.

Compared with other materials, this product offers several advantages:

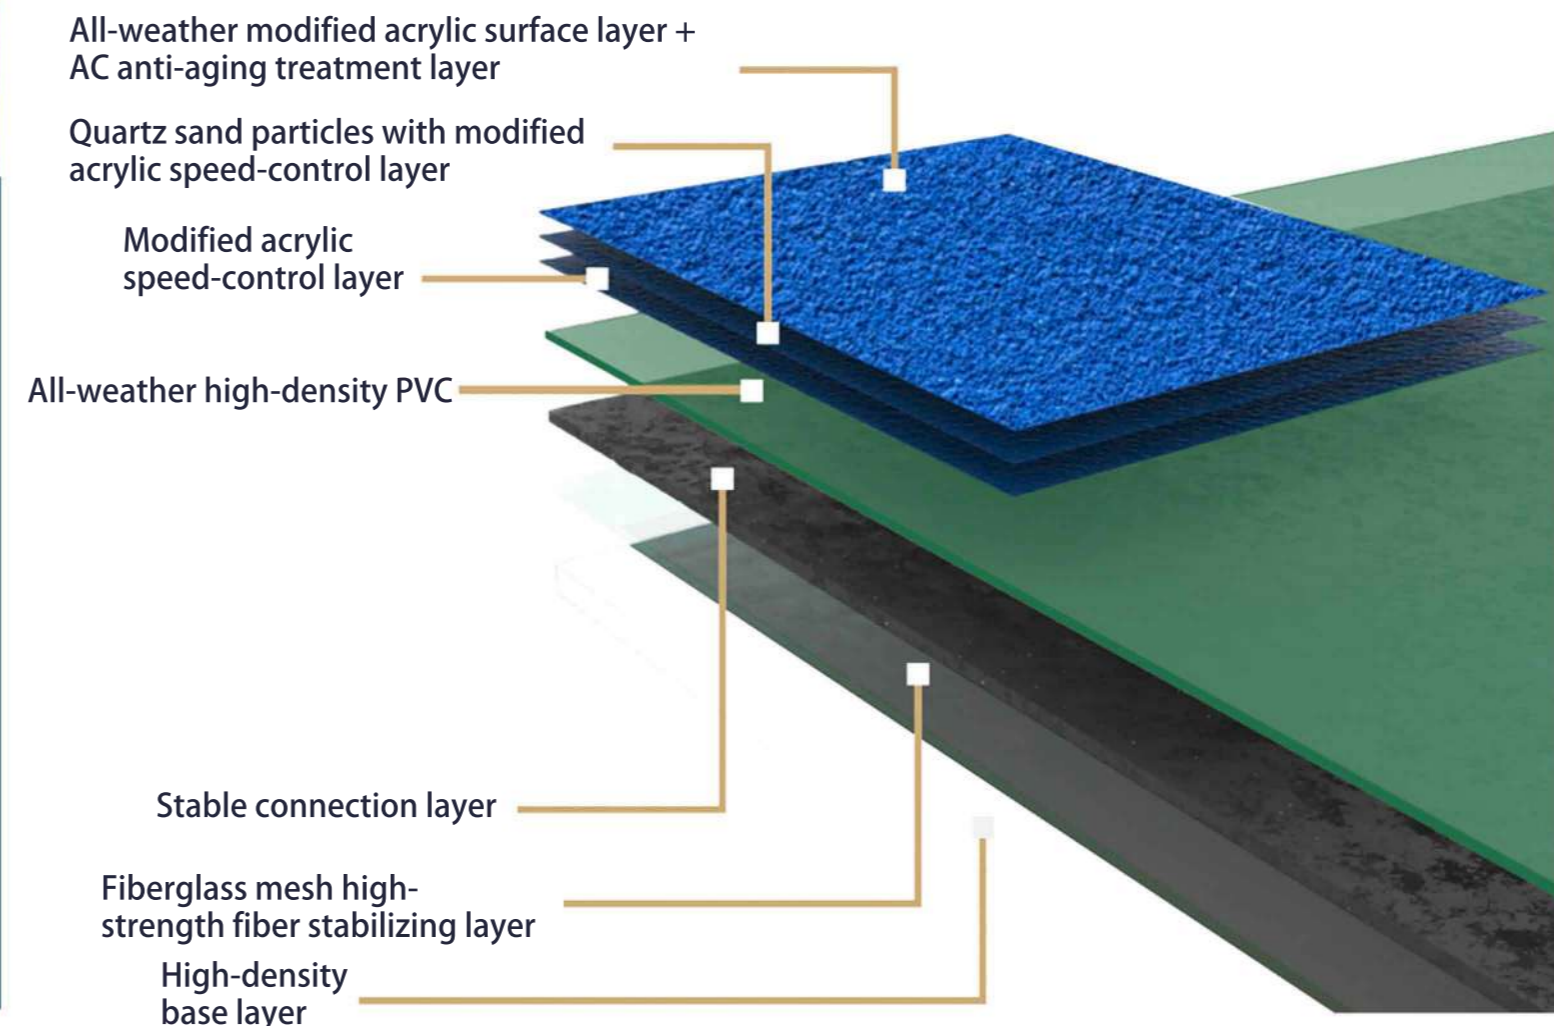

- Exceptional stability
- Integrated coloring
- High technical performance: anti-slip, wear-resistant, with an adjustable speed rate

The development of SKAYF flooring addresses many common issues in the sports field: installation speed, consistency of court speed, inability to achieve uniform coloring, slow production, surface cracking, environmental constraints, etc. To date, it is the most suitable material in terms of quality, performance, and production speed for pickleball courts.

### KEY FEATURES

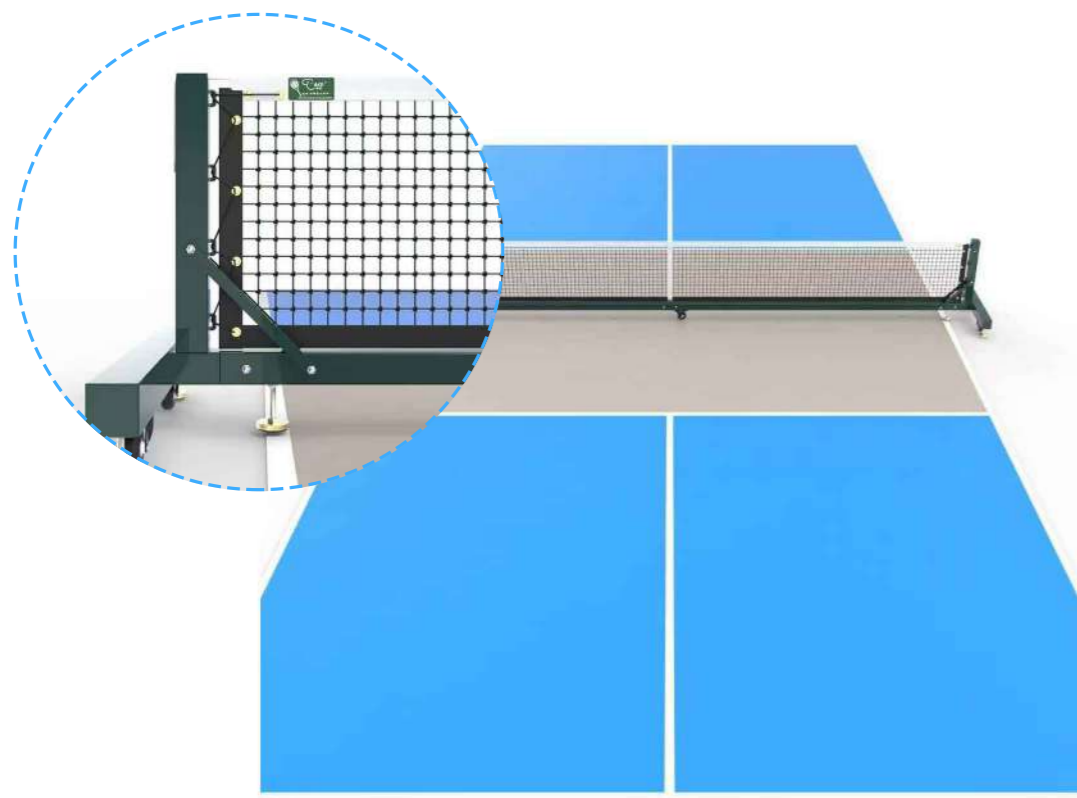

Product thickness:	3 mm
Surface :	Modified acrylic
Product type:	Prefabricated
Dimensions:	18 m × 1.8 m × 3.0 mm
Weight per m <sup>2</sup> :	Approx. 5.5 kg/m <sup>2</sup>
Weight per roll (162 m <sup>2</sup> ):	Approx. 900 kg (with packaging)

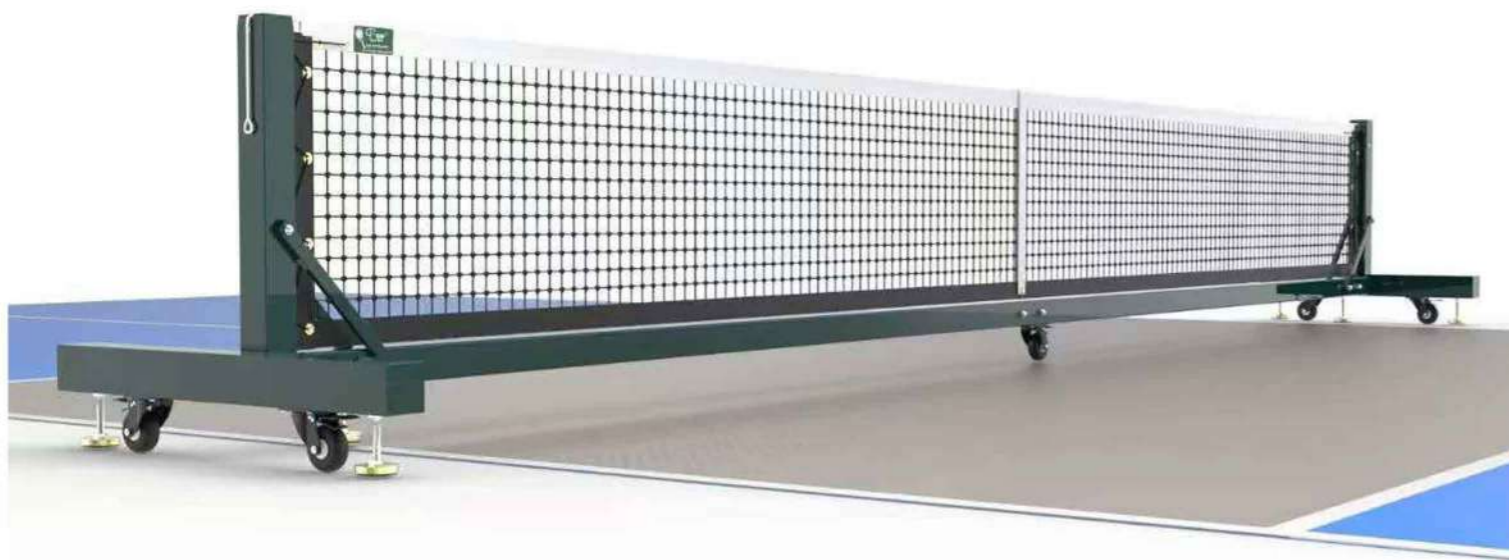

# SKAYF PICKLEBALL NET AND FRAME

## COMPETITION NET FRAME

Steel Structure Mobile Pickleball Posts (Forest Green)

Dimensions: 6830 mm (L) × 800 mm (W) × 914 mm (H)  
Includes built-in counterweight blocks  
Comes with pickleball net

### In-ground Pickleball Center Post

Color: White / Forest Green

Material: Aluminum Alloy (Steel Base)

Product Size: 914 × 80 mm

Wall Thickness : 3 mm

Product Weight: 26 kg

### Surface-mounted Center Post

Color: White / Forest Green

Material: Aluminum Alloy (Steel Base)

Product Size: 914 × 80 mm

Wall Thickness : 3 mm

Product Weight: 26 kg

### Portable Pickleball Net and Frame

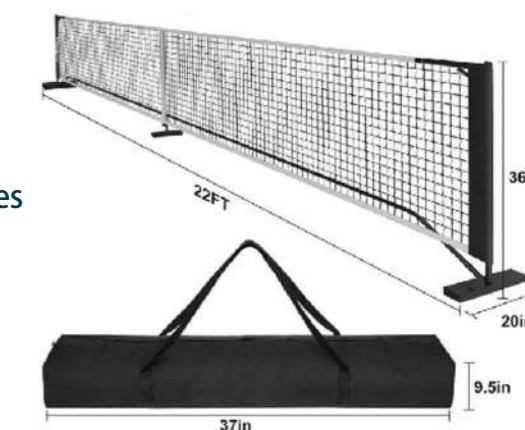

Product Dimensions: L 6.7 m × H 0.92 m × W 0.86 m

Frame Tubes: 22 × 0.7 mm, 20 × 20 × 1.0 mm steel pipes

Net: 3-strand × 1.75" knotless black polyester net

Edge Binding: 420D Oxford fabric

Carrying Bag: 600D Oxford fabric

# PORTABLE PICKLEBALL COURT SET

Everything you need to set up a pickleball game anytime, anywhere

## Product Information

Product Includes:

- 1 × 6.7 m Pickleball Net
- 4 × Pickleball Paddles
